Traffic shift at roundabout at Gateway Boulevard/Commerce Lakes Drive

Lee County continues construction on the roundabout at Gateway Boulevard and Commerce Lakes Drive. The traffic lanes will be shifting to the east onto the newly constructed east leg of the roundabout. The contractor is Wright Construction Group and the cost is \$2.8 million. The project is expected to be complete fall of 2021.

What to expect during construction

Existing traffic patterns which restrict thru and left turning movements from Commerce will remain in place for the proposed traffic switch. Expect periodic lane closures during construction. Drivers should be cautious of contractors in the field and large construction vehicles in the area.
